The South Florida Agricultural Foundation, Inc., a non-profit organization founded to increase public awareness of South Florida's agricultural industries — including sugarcane, citrus, sweet corn, rice, celery and other crops — through educational and stewardship opportunities, is sponsoring a congressional staff trip to our area on February 20-22, 2019. The purpose of this Ag-venture is to give staffers an opportunity to tour South Florida's agricultural industry to gain firsthand knowledge of its impact on Florida and the United States.

The Foundation would like to extend an invitation to you to participate in this trip. A full itinerary is in the works and our current draft is attached for your review. Look at our website at www.soflagfoundation.org for more information on this educational tour.

As a tour participant, you would depart from Ronald Reagan National Airport to Palm Beach International Airport where a chartered bus will meet you. We'll kickoff the tour by traveling to Clewiston for an AIRBOAT TOUR on Lake Okeechobee. Other stops during the tour will include citrus groves, sugarcane field operations and mill, and other vegetable planting and harvesting operations. The Foundation will cover the cost of all travel, lodging and meal expenses associated with the trip and will provide forms and documentation for the Ethics Committee.

Florida is known as a premier tourist destination with its miles of sandy beaches, but few people know of its abundant agricultural interests and its vital role in food production. In the South Florida region, Palm Beach County alone generates nearly one-and-a-half billion dollars in total agricultural sales each year, ranking it among the top ten counties for highest agricultural revenue in the nation. While Florida has three million acres devoted to agriculture, Palm Beach County has more agriculture than any other county with 40% of its land actively farmed.

Florida food is exported to 170 different countries to the tune of \$4 billion worth of food products.

We hope you will be able to join the Foundation on this fact-finding trip. We believe it will be a worthwhile experience and that you will gain a better understanding of the Florida agricultural industry.

All forms required for travel must be submitted to the Ethics Committee 30 days in advance, which is Tuesday, Jan. 22. Please advise us as soon as possible if you would like to participate in this information-packed *Ag-venture*! Also, feel free to contact us at 561-315-0481 if you have any questions.

Sincerely,

Ardis
